**Gardnerville Town Hall** 

INVOCATION - Mike Henningsen, Layperson and Elder from Trinity Lutheran Church

### PRESENT:

Mary Wenner, Chairman Ken Miller, Vice-Chairman Lloyd Higuera Cassandra Jones Linda Slater

Mike Rowe, Town Attorney Tom Dallaire, Town Manager Geoff LaCost, Town Maintenance Superintendent Carol Louthan, Administrative Services Mgr

Chairwoman Wenner called the meeting to order and made the determination a quorum is present.

PLEDGE OF ALLEGIANCE – Mr. Dallaire led the pledge of allegiance.

This portion of the meeting is open to the public to speak on any topic not on the agenda and must be limited to 3 minutes. The Gardnerville Town Board is prohibited by law from taking immediate action on issues raised by the public that are not listed on the agenda.

Mr. Glenn Linderman was driving from Raley's back to Chichester and thinking about the lack of desire for speed bumps. In that location we have speed ditches. I suppose the fire department knows they are there. Drainage on Toiyabe and Lampe is pretty severe. They are inverted bumps.

Mr. Aaron Hampton, resident of Stodick Estates South, passed out some information to board members. Years ago the detention pond area was donated to the town by the community there. I would like to suggest there be a bench in the area. So I brought this up to the board a few months ago and I believe there was approval with the stipulation that we used the specified bench. The aim is to try to have a subtle bench that doesn't call attention to that area, but allow people to sit. On the second page of the handout I am suggesting instead a green rubberized bench. Can we have an allowance to use a different bench that doesn't match in order to meet the requirements. And in a year we could revisit the need of not having a trash can. If there is trash in the area we can add a trash can. So, two questions: 1. Can you approve having a nonstandard bench? 2. This area was donated by the neighborhood and I'm wondering if we can have the town donate back in kind for this bench?

Vice-Chairman Miller's question is - do you propose to pay for the bench and install it.

Mr. Hampton stated, initially we were going to pay and install the bench as part of the HOA. But when we talked about it we thought it would be nice if the town returned the favor. What I've noticed also is what you are paying for the benches and trash cans is not the best price. The bench I am suggesting is a quarter of the price. I understand there is no action at this time but I would like to talk about it.

Chairwoman Wenner suggested agendizing it.

Vice-Chairman Miller mentioned the bench you see in the picture are the ones that are approved for the Main Street program.

Mrs. Jones asked Tom to put it on the agenda for next month.

Mr. Hampton has a second item. We get a lot of people walking through the neighborhood with dogs. Could you potentially install doggie waste bag receptacles. I'd like to get some information on it and how do you maintain the ones you have now? Is that part of the budget?

Mr. Dallaire answered it is just the normal operating budget. The name of the item is Dogipots. Usually we have an Eagle Scout project that installs them. We maintain them. Do you have specific locations?

Mr. Hampton has marked them on the map.

Mr. Hampton believes these are simple enhancements and the bench would be great for anybody that wishes to use the area.

Chairwoman Wenner appreciates the comments. Thank you for coming.

Mrs. Jones is assuming the suggested location for the dogipots coincides with the park. This area is entirely fenced.

Mr. Hampton would always recommend we make this not dog friendly. However, it's sort of a "don't ask don't tell" right now.

No further public comment.

FOR POSSIBLE ACTION: APPROVAL OF AGENDA, with public comment prior to Board action.

The Gardnerville Town Board reserves the right to take items in a different order to accomplish business in the most efficient manner.

No public comment.

Mr. Rowe commented on item 18. As you can see, the acquisition is somewhat fluid. It is definitely larger than 1400 square feet. I would recommend the item to be reworded to "discussion to approve or deny the acquisition of not more than 4,258 square feet of property containing the Ezell Ditch improvements, a portion of the Village Motel property, located at – in an amount not to exceed \$22,269.34; with public comment prior to board action. These numbers are based on a couple of things. The largest area that could be acquired is the 4,268 square feet. Tom is working on reducing that. The \$22,269.34 comes from the appraisal which is part of the packet. The appraisal report came up with \$5.23 a square foot. When you get down to the motion I would recommend you authorize Mary or Tom to sign all the documents necessary to close the escrow. If we can do that then I think you're covered. We have to do a record of survey so there will be a lot of documents to be signed to show the lot line adjustment. We will go through that under the discussion.

Motion Higuera/Slater to change item 18 to the points brought up by counsel and approve the agenda with those changes.

No public comment.

Motion carried unanimously.

### FOR POSSIBLE ACTION: APPROVAL OF PREVIOUS MINUTES:

March 1, 2016 Regular Board meeting, with public comment prior to Board action.

Mr. Higuera asked on item 9 on the consent it says NDOT would take two years to complete the project. Then how long will it take Lumos with the additional \$5,000.

Mr. Dallaire didn't get a time frame but thought two months. All the work is done. The right-of-way is established.

Mr. Higuera believed if we're talking a couple of months it's an investment well worth the time.

No public comment.

Motion Miller/Jones to approve the previous minutes of March 1<sup>st</sup> 2016. Motion carried unanimously.

CONSENT CALENDAR FOR POSSIBLE ACTION

Items appearing on the Consent Calendar are items that may be adopted with one motion **after public comment**. Consent items may be pulled at the request of Town Board members wishing to have an item or items discussed further. When items are pulled for discussion, they will be automatically placed at the beginning of the Administrative Agenda.

Mrs. Jones asked the motion include correcting the typos on item 10.

Vice-Chairman Miller asked about item 6. Do we have any word from our insurance carrier?

Mr. Dallaire hasn't heard back from the insurance. I need to contact them.

Vice-Chairman Miller would like to pull that item. We need clarification of who needs what insurance.

No public comment

Motion Higuera/Jones to approve the consent calendar with the changes mentioned (the typo corrections and the pulling of item #6). Motion carried unanimously.

### **ADMINISTRATIVE AGENDA**

(Any agenda items pulled from the Consent Calendar will be heard at this point)

12. Not for Possible Action: Discussion on the Main Street Program Manager's Monthly Report of activities for March 2016.

Ms. Stephanie Waggoner, board member on Main Street Gardnerville and chair of the design committee, filling in for Paula Lochridge, reported we are putting in another bench in front of Joyce's Jewelry. We are waiting on the easement of be completed. The new sidewalk gallery will be going up. We have all new frames. The mural looks fabulous. 48 of the flower baskets have been sponsored. There are about 21 left. We are asking if we can get

approval to have banners hang on every single light pole in the main street district. We already have financial approval from our board. It will not be done until next year because we are very close to the flower baskets going up.

Mr. Higuera asked Mr. Miller about Senator Settlemeyer and the possibility of the statewide main street program. Did he indicate we have a shot?

Vice-Chairman Miller talked with Senator Settlemeyer and he was not even familiar with the last BDR. What he told me is get the information together and send it by email. He would forward it to somebody on the ways and means committee to find the money to do that. He didn't talk for it or against it. He said if it was something that would benefit a lot of rural communities we should pursue it.

Mrs. Jones asked if this is something where an email is not enough. Maybe a phone call or take them to coffee. Is that something we need to focus on with not just the state senator but our assemblyman and have our entire coalition?

Vice-Chairman Miller is also in contact with one of the supervisors from Carson City to give her a tour of the Main Street program. She wants to come and look at it. They are completely redesigning downtown Carson City. I am making contacts there and yes we should contact our assemblyman and the person that is on the ways and means committee.

Mrs. Jones thinks that we should see about personally inviting them to the volunteer and business appreciation event in July. It is a great time to showcase. They would not only be introduced to the program but it is an opportunity to reinforce their base.

Mrs. Slater would add to that Lieutenant Governor Hutchison.

Mrs. Jones thought we have a strong group of people if we can all tap our networks and make a personal invitation. When you email every elected official it doesn't have the same effect as giving a call and saying I think you should come.

13. For Possible Action: Discussion to approve or deny a request by Main Street Gardnerville to hang banners on every lamppost through the Highway 395 corridor within the Main Street District; with public comment prior to Board action.

Mrs. Waggoner has quite a few people asking when we are going to put up the rest of the banners. I haven't had any negativity other than they are small. We want to make an impact. Since we only put up the first 30, we realized it wasn't making a big enough impact. I've also heard from the public they agree.

Public comment.

(Voice from the audience) Street looks great.

Motion Slater/Jones to approve the request by Main Street Gardnerville to hang banners on every lamppost through the Highway 395 corridor within the Main Street District. Motion carried unanimously.

- 14. For Possible action: Discussion to approve, approve with modifications or deny development applications DA 16-016 & 16-017 requesting for a modification to an existing Special Use Permit (SUP 06-095) and Design Review (06-095) to allow a Columbarium/Memorial wall for the use of holding cremated remains and memorial plaques for the St. Gall Catholic Church Knights of Columbus / Memorial Park improvement project, located at 1343 Centerville Lane within the SFR-1 (Single Family Residence one acre minimum net parcel size) zoning district in the Minden/Gardnerville Community Plan, APN 1220-04-101-005; with public comment prior to Board action.
  - Mr. Rowe asked before you begin Tom wanted to issue a disclaimer on this.

Mr. Dallaire started on this project in 2006. I had Geoff redo this one. I drew all these plans up before and they are apparently keeping it in the same location. I did work on it. It was part of my private practice. Anderson

Engineering is working on the project now.

Vice-Chairman Miller asked when was the special use permit approved originally?

Mr. Dallaire responded in 2006. We built the highway improvements to get the whole thing enacted. Then they built the storm drain on site. They did the grading and the pads are built. Now they are moving forward on the wall.

Mr. LaCost reported back in 2006 the town reviewed and approved a memorial garden. The SUP (Special Use Permit) is just a modification to include a wall surrounding the memorial garden. It is a cemetery, but a different type than the one we have in town.

Mrs. Slater asked if the gardens still included a lawn area, rose garden, etc. Are those still going to be in there?

Mr. LaCost answered yes. If we go to the plans on 14-11 & 14-12, there will be a seating area in the middle and open space around that.

Mrs. Slater asked when the improvements are going in?

Mr. Dallaire reviewed there were four phases originally. The four phases were for the site itself. Phase 1 the entire site is graded. The walls will go in as part of the first phase.

Tammy Kinsley, R.O. Anderson Engineering, stated currently the plan is five walls, five phases built as needed with the anticipation of having 852 remaining areas with the plaques on the back. So they will start phase 1, one wall. If phase two requires two more walls then if would have two walls. They are doing this as needed, a reservation situation. Mrs. Kinsley went through a power point presentation.

Vice-Chairman Miller asked if the area will be fenced?

Mr. Higuera stated the town will not assume any maintenance. That will carry over, right?

Mrs. Kinsley responded correct.

No public comment.

Motion/Higuera to approve Application DA16 -016 and 16-017 requesting for a modification of an existing special use permit SUP 06-095 and design review 06-095 to allow a columbarium/memorial wall for the use of holding cremated remains and memorial plaques for the St. Gall Catholic Church Knights of Columbus Memorial Park improvement project located at 1343 Centerville Lane within the SFR-1 (Single Family Residence – one acre minimum net parcel size) zoning district in the Minden/Gardnerville Community Plan, APN 1220-04-101-005. Motion carried unanimously.

15. For Possible action: Discussion to approve, approve with modifications or deny development application DA 16-018: Request for Abandonment of a 50-foot wide, unimproved road easement for the St. Gall Catholic Church Knights of Columbus / Memorial Park improvement project, located at 1343 Centerville Lane within the SFR-1 (Single Family Residence – one acre minimum net parcel size) zoning district in the Minden/Gardnerville Community Plan, APN 1220-04-101-005; with public comment prior to Board action.

Mrs. Kinsley stated this is the abandonment portion of the project. It is the portion of the parcel in the center. Basically in 1979 it was a maintenance/utility/access easement. In 1997 another easement from Centerville along the property line was established. In 2000 the 50 foot easement from Wilson Circle/Easton Way was abandoned. Now we are continuing that abandonment right along this property.

Vice-Chairman Miller asked if the original owners have abandoned them by advertising?

Mrs. Kinsley answered it is a recorded easement that was abandoned. We're just asking for this portion to be abandoned.

Mrs. Jones asked if any of the parcels are land locked?

Mrs. Kinsley answered they all have access.

No public comment.

Motion Higuera/Jones to approve DA 16-018 a request for abandonment of a 50-foot wide unimproved road easement for the St. Gall Catholic Church Knights of Columbus Memorial Park improvement project. Motion carried unanimously.

16. For Possible Action: Presentation and discussion on the Town of Gardnerville Board signing a letter of support for a nomination of the Dangberg Home Ranch Conservation Project (2,867.87 acres), located west of Highway 88 north of Muller Lane, in Minden Nevada, for acquisition of a conservation easement by the Bureau of Land Management using Southern Nevada Public Land Management Act authorization, presentation by Legacy Land and Water, LLC; with public comment prior to Board action.

Mr. Jacques Etchegoyhen with Legacy Land and Water, has been retained by Park Ranch Holdings LLC. I believe this is the most iconic, historic ranch in Nevada. Mr. Etchegoyhen gave a power point presentation. As part of the project there is a 32 acre river front parcel that will be donated for public use.

Vice-Chairman Miller asked if they are only talking about the 2,867 acres, not the entire ranch.

Mr. Etchegoyhen answered yes. There is about 1400 acres that is not connected to what we are proposing for a conservation easement.

Mrs. Jones asked if on parcel 1319-24-000-009, there is a little square that is not colored.

Mr. Etchegoyhen advised that belongs to NV Energy. It is not part of the ownership of the Park Ranch Holdings. Also offered would be a multiuse public trail from about Highway 395 as far as westerly on Muller Lane

Mrs. Slater asked if people will have access to the river?

Mr. Etchegoyhen answered no.

Mr. Dominque Etchegoyhen added the public will have access to the 32 acre piece that fronts the river for a quarter to a half mile. This will be an active agricultural operation. It will not be safe for people to be out on the property. However, the easement doesn't preclude public access, if the landowners in the future or as part of the negotiation of this conservation easement wanted to provide access along the entire river, that will always remain an opportunity. Right now we are talking about access for a path and bike trail along Muller Lane itself to help connect the towns of Minden and Gardnerville with Genoa and also the river parcel.

Mr. Jacques Etchegoyhen wants everyone to understand the context of what is being offered. Future discussions could lead to a different spot. It is a very active ranch. Some of the central places of this ranch are dangerous and not at this moment going to be open to the public.

Mrs. Jones asked if they have looked at other agencies besides the federal government to purchase this easement.

Mr. Dominique Etchegoyhen answered no one has money. We have been trying to find an opportunity to protect this property. BLM is the best entity to acquire this because they have the funding through the Southern Nevada Public Land Management Act. This easement would protect all the resources. It is a legal agreement that prevents future residential, commercial or industrial development of the property.

Mrs. Jones asked about the development rights.

Mr. Dominique Etchegoyhen answered the development rights are restricted by this easement. So essentially they are extinguished. BLM, by acquiring an easement, would be preventing the future development. It doesn't take them out and bank them.

Chairwoman Wenner asked if BLM has rights to the water.

Mr. Dominique Etchegoyhen answered no. They are requiring the water stay on the property.

Mr. Henningsen stated any time there is a flood it is where the water goes. It is a perfect place to preserve. It allows water to flow and drain into the river. It's a perfect place for this type of program. I think it's great.

No further public comment.

Motion Higuera/Miller to provide a letter of support for nomination of the Park Ranch Holdings, LLC Westside Ranch, of 2,867.87 acres located west of Highway 88 north and Muller Lane, Minden, Nevada, for acquisition of a conservation easement by the Bureau of Land Management using Southern Nevada Public Land Management Act authorization. Motion carried unanimously.

17. For Possible Action: Discussion to approve or deny sending the town manager to the Main Street Conference, May 23-May 26, 2016 in Wisconsin; with public comment prior to Board action.

Mr, Dallaire has a conflict with the League of Cities. There is a meeting in Las Vegas.

Vice-Chairman Miller thought looking at the classes that are available they looked really interesting. I know Paula and Meredith are going. But two people are not enough. It cuts it really thin with only two individuals.

Mr. Higuera noticed there are things specific to Tom. As you say there is way too much for two people to cover.

Mrs. Slater will be attending the NLC meeting. But I always like company.

Chairwoman Wenner mentioned Leann, from GID, will be going too.

Mr. Higuera would like to see Tom go to the Main Street conference.

Mr. Dallaire hasn't made the flight yet. I was waiting for this meeting. I will do that tomorrow. I think the conference will be great. I haven't been to a bad main street conference yet.

No public comment.

Motion Miller/Slater to send the town manager, Tom Dallaire, to the Main Street conference May 23<sup>rd</sup> to 26<sup>th</sup> in Milwaukee, Wisconsin. Motion carried unanimously.

18. For Possible Action: Discussion to approve or deny the acquisition of 1,400 sf of property containing the Ezell Ditch improvements, a portion of the Village Motel property located at 1383 Highway 395 North (APN 1320-33-402-057) in the amount of \$20,000; with public comment prior to Board action.

Mr. Rowe read the corrected item: Discussion to approve or deny the acquisition of not more than 4,258 square feet of property containing Ezell ditch improvements, a portion of the Village Motel property located at 1383 Highway 395 north, APN 1320-33-402-057 in an amount not more than \$22,269.34; with public comment prior to board action.

Mr. Dallaire talked about this last month. We didn't get information from Anderson until an hour before this meeting. There are two exhibits. The original plan was 3,884 square feet but that was using a plan on which I didn't have a lot of information. Ultimately Exhibit 2 is what I received today of 4,258 square feet. The price came in at \$20,000 for the 3,884 square feet. We came up with \$5.23 per square foot. Dave, with the Village Motel, is fine with this version or a cut down version, which is exhibit 1 at 3,988 square feet at \$5.23 a square foot for a total of \$20,857. We are trying to get approval from the board to proceed. We have the appraisal and a contract with Anderson to do the boundary line adjustment. We will get that handled.

Vice-Chairman Miller asked if the tax on the Village Motel would go down?

Mr. Dallaire answered by 4,258 square feet.

Chairwoman Wenner asked if by acquiring the property it would help with flood insurance.

Mr. Dallaire answered it will eventually.

No public comment.

Motion Miller/Higuera to approve the acquisition of no more than 4,258 feet of property containing the Ezell ditch improvements, which is a portion of the Village Motel property located at 1383 Highway 395 north APN #1320-33-402-057 in the amount not to exceed \$22,270, and also authorize Tom Dallaire, our town manager, to sign papers to do the transaction. Motion carried unanimously.

- 19. For Possible Action: Approve, approve with modifications, or deny; the following updated town policies;
  - a. Organizational Responsibilities Policy 1.2
  - b. Public Records Request Policy 7.2 (new policy)
  - c. Compost Collection Policy 22.12 with public comment prior to Board action.
  - Mr. Dallaire noted board members have the revised policies in the packet. Do you have any comments?
- Mrs. Slater has a question on the public records request policy. Under procedure, the second paragraph, is a black and white format pertaining just to paper? What about other media that might be requested? You probably should look at that. The recorder's office got requests for other formats.
  - Mr. Dallaire responded we email information.
  - Mrs. Slater thought there should be some allowance in there for media other than paper.

Mrs. Jones pointed out someone could request a recording of our meetings. You should be able to recoup, through this fee, the staff time it takes to create it.

Mr. Dallaire explained the icon in front of each item on the minutes is a recording marker. So if someone wants an item we can create a PDF recording file.

Mrs. Jones has one comment on the compost collection. The paragraph that's noted as residential, the last sentence in red it says: "if you need it then put it out on your regular trash pickup day". That conflicts with the procedure which says compost is picked up on Tuesdays. Did you mean if greenwaste pickup is needed during winter months? Then I would add after the word "needed," "during winter months."

Mr. Dallaire will make the modification to this one and bring back Policy 7.2. We will modify that and look at other media.

No public comment.

Motion Jones/Higuera to approve town policy 1.2 Organizational Responsibilities and approve with modification Policy 22.12 the Compost Collection Policy. Motion carried unanimously.

Break at 5:58 p.m. - 6:10 p.m.

- 20. For Possible Action: Discussion to approve, approve with modifications or deny changing the type of credit card service currently being offered for a service which will reduce costs and provide the ability for automatic payments by Health and Sanitation customers and start charging a convenience fee equal to the bank charged fee for debit/credit card payments to the town's account (611-000) recouping the fees charged by the operator of the system that provides for the electronic transfer of money for the debit/credit card service; with public comment prior to Board action.
  - Mr. Rowe brought up this issue last month. The town can charge a fee for people using credit cards. If you don't

charge a convenience fee you pay that out of the town proceeds. In my memo I suggested the town do an analysis. You can base your fee on what it cost the town to accept credit cards. You can base the convenience fee on what you pay yearly. You just need to figure out what the fee is and then figure out your fee. I believe you have the numbers.

Mr. Dallaire handed out a detail budget before the meeting. It's in the health and sanitation portion on page 33. We have been charged so far for the years 14 and 15. We started out in 2014 with \$2,899 in credit card processing fees. 2015 was \$3,000 and as of April 1<sup>st</sup> we had \$2,400. So far that is how much we've acquired. The total amount charged by customers was \$87,000.

Mrs. Jones noted in working with rough numbers we could divide that number by 12 and then by the number of customers.

Mr. Dallaire's understanding is the credit card processing for automatic payments will work better if it goes through WAM, which is our current billing software. We were looking at two separate companies that would just take the credit card but it works better if we go through the software. Then the customer will be able to get internet billing. They will be able to have the automatic payment option and that's where the convenience will be. We have a lot of people requesting those services. The county does not allow that. So our billing software will be able to do that.

Chairwoman Wenner called for public comment.

Mr. Linderman looked into getting a merchant account and one of the things that was explicit about the people who were making comments was they couldn't tell whether it was a rewards card or not until the charge back came at the end of the month. I don't believe any system will be able to do that if it's not built in to the merchant credit card processing systems. Sadly, any time a government, which is limited to having its fees equal its intake, almost has to use a third party provider that will charge a bigger fee that will cover all of the possible fees. They accumulate that and you don't get the profit.

Chairwoman Wenner clarified, at the county, if you have a business credit card it won't work in the system. It has to be a personal credit card. We tell them, when they walk up to the counter, are you aware this is going to cost you 2.5 percent of what you charge. If they say they don't want to do that they get their checkbook. If it's a debit card it's a flat fee of \$3. When it prints out for them to sign it shows the fee amount.

Mr. Linderman added it's a fixed fee based on the amount charged, not based on the type of credit card used and it's bigger than any of the numbers you read. The service provider is leveling the playing field for the government.

Chairwoman Wenner explained those are the fees from Bank of America.

Mr. Linderman believed because they're charging the county a fixed fee the county can charge the customer a fixed fee. If government really wants to make a good program, the credit card companies all require if you add fees you have to disclose it and they try to convince merchants not to add fees. If that was all disclosed how much people were paying for credit card fees, there would be a lot less credit card usage.

Vice-Chairman Miller believes Gardnerville will grow with more homes. If we had 300 more homes we better make a decision on doing the right fees.

Mr. Dallaire asked if there is a way to change the rate we charge for the credit card and then give a discount for those who pay with a check.

Mr. Rowe advised the discount is they are not charged a convenience fee.

Mr. Linderman commented you can't calculate those fees. You have to get some third party to indemnify you.

Mrs. Jones is in favor of the convenience fee. I think it has a benefit to the people who go on automatic payments. I think we will get more on time payments. If this program will automatically calculate it and pass it straight on to the customer then that's probably the best way to do it.

Chairwoman Wenner asked if at this point customers call Marie and ask what their balance is because they don't know. They can't go online and check.

Mr. Dallaire answered yes.

Mrs. Jones believed a lot of people as they get older need the automatic bill pay. It keeps them independent longer.

Mr. LaCost likes to be able to see bills online. Would it be better to roll the cost associated with it into the cost of business and us eat it for the first year to see where this is going. Telling them .25 percent if you have this card will muddy the water really quickly and having a \$3 charge might be good. Would it be better to eat the cost?

Mr. Miller asked if what he was saying is maybe put in the newsletter that this is available now. As we get more numbers on the usage it will be a convenience fee to charge.

Chairwoman Wenner pointed out you have to notice them but if you tell them it's out there you will be surprised at how many people use it whether there is a fee or not.

Mrs. Slater hates to see this delayed. We are already eating the money on this. I don't think we should continue as a town entity to do so. We need to pass it on. We have a fee increase coming next year on the sanitation. We need to make sure it doesn't coincide with the rate increase. Maybe we need to talk to Anne and figure out what is the best way to go and bring it back one more time with the actual convenience fee.

Mr. Linderman believed it sounds like the WAM module did several things. It does the online bills as well as the credit card possibility. I suspect if you want to do the online billing that would not be something that would be covered under the convenience fee.

Mr. Rowe advised if it is a fee the town pays to allow that to happen. I think they can include any cost to the town in the convenience fee.

Mr. Linderman asked if they also use that same module to provide other services are you only going to charge the credit card people for those services even though everybody gets them? If you provide those services to non-credit card users I don't think you can get away with charging a convenience fee to cover that cost. In order to understand what your current fees are you have to know how many people are using them.

Motion Wenner/Miller to table this item until next month or until Tom has time to research it more. Motion carried unanimously.

21. For Possible Action: Public hearing to adopt the Tentative Budget for Fiscal Year 2016-2017, with public comment prior to Board action.

Mr. Dallaire mentioned in board packet is the overall budget. The handout is the budget with detail. Please go through that between now and next month. Mr. Dallaire went over the budget.

No public comment.

Mr. Dallaire advised Jennifer (Town of Minden) wanted me to talk to you about the cost allocation plan. She wants to pull out of HR services and payroll. East Fork has already done that. The county's compensation study the consultant looked at not only the pay, job description and essential functions, but they also had some verbiage in there about the benefits. To meet what the standard is in the area the county is paying 50% of the employee's cost for insurance. The standard in our area is 75%. Employees should be paying 25%. It causes a lot of problems for entry level employees.

Mrs. Slater asked if they have had any more discussion about job sharing with Minden.

Mr. Dallaire has talked with them. I was going to have Ted Thran go through the health and sanitation rate study.

Mrs. Slater asked if there are other services that if we hired Ted on a part time basis that might eventually come out of the cost allocation that is going through the county.

Mr. Dallaire would like to research that. I didn't know if the board is interested in looking at pulling away from the county at that level. I would be more than happy to help Minden and we could move forward on that. Cost allocation came about when Steve Mokrohisky did the priority based budgeting.

Mrs. Slater wondered if it is time to talk to Minden and see if there is something we can consolidate with them that would be beneficial to both towns.

No public comment.

Mr. Dallaire called attention to the very end of the budget, page 21-15. This was a similar form that we created to figure out where the trash rate is. I've reduced down our salaries (Tom, Geoff & Carol) in health and sanitation to help but it increases admin and public works. In order to break even from what we collect, pay for depreciation, services and supplies and benefits and salaries, the rate needs to increase. We talked about raising the rate annually one percent. If we don't raise the rate we will be going into a bigger hole.

Mr. Miller believed the last increase we did was over a period where it ratchets up every year.

Mr. LaCost clarified the rate hadn't been increased for four or five years. So we bumped it five percent in one year. The board direction was not to do that again; just do one or two percent a year incrementally.

Mr. Miller thought we approved ratcheting it up.

Mr. Dallaire needs to talk about cost of service and the landfill fees. So that when customers leave town and close off their service they still need to pay for the service because they have the ability to get trash.

Motion Higuera/Slater to adopt the tentative budget for Fiscal Year 2016/2017. Motion carried unanimously.

22. For Possible Action: Approve, approve with modifications or deny the Tentative Capital Improvement Plan for 2016-2021; with public comment prior to Board action.

Mr. Dallaire reviewed the modifications he made. I took out the valley vision based on the conversation last month. I added money for patching in Sunset Park and added the cape seal on Industrial. I included the fund number so you can find those values in the budget. The future months I didn't change anything but added the 2021 budget and took out the valley vision throughout until we figure out what's going on and how it would benefit us.

Mrs. Jones suggested if we took the twenty that is listed for this fiscal year in valley vision and added it to Gardnerville Station next year we would have 100 to work with rather than 80.

Mr. Dallaire can bring that back next month if you want to get it out of there altogether.

Mrs. Slater asked on the crosswalks, you put in \$25,000 each year. Is that something we get a grant for or is that being budgeted?

Mr. Dallaire responded it is being budgeted.

Mrs. Slater asked if we were close to being done.

Mr. Dallaire answered no. The last three years we have chopped off all the trip hazards in town.

Mrs. Slater asked if it was being repaired or just smoothed down?

Mr. Dallaire answered it is smoothed down. It is saving us from having to replace each panel.

Mrs. Slater asked if we could utilize the \$25,000 to replace some of the sidewalk.

Mr. Dallaire reviewed not all of the hazards are from trees. Some sidewalk sunk over the years and then the ADA code changed to a ¼" gap instead of ¾".

Mrs. Slater asked if we were grandfathered in on some of the ADA requirements? I don't see any improvements in Minden.

Mr. Dallaire answered no. We do concrete repairs. Village and El Dorado we did the spandrel. We did all the ones on Douglas. We haven't done any new ramps. This fiscal year we put all the money into the crosswalk project. The sidewalks along 395 whose are they? The section in front of Sharkey's is ours because we signed a maintenance agreement with the permit. The contractor took a flat gutter and did a decent job of repairing it. NDOT is pushing all the snow onto the sidewalk and Troy is pushing it back into the gutter and it freezes and creates a large puddle. Thor Dyson, NDOT, got a letter with a photo and that put a fire under NDOT's staff and they made us fix it. So now there is a drain there. So far NDOT is not stepping up to the plate. The plan is to do a photo of each site, do a formal written complaint to Thor Dyson for the rest of the town on everything. We can focus on the highway but the plan is to focus on town streets.

Mrs. Slater pointed out we talk about making our town walkable and yet some of these areas are tricky.

Mr. Dallaire doesn't want to spend money on the state highway, if those are the ramps you are talking about.

Mr. LaCost added we are working in different areas of town with Precision Concrete. Before we do too much more on Highway 395 I would rather give it to NDOT as part of our formal complaint.

No public comment.

Motion Miller/Higuera to approve the tentative Capital Improvement Plan for 2016-2021.

Mrs. Jones asked them to include the modification to remove the valley vision bank.

Vice-Chairman Miller/Higuera added to his motion to include the modification to remove the valley vision bank. Motion carried unanimously.

## 23. Not For Possible Action: Discussion on the Town Attorney's Monthly Report of activities for March

Mr. Rowe reported all of the comments I had on items for tonight were agenda items. Otherwise it has been pretty quiet.

Mrs. Slater asked about the trash truck.

Mr. Rowe reported Tom is working on getting the new shocks. We've got a new warranty that was issued. So we dismissed the lawsuit when we got the written warranty. It's now just a matter of getting some of these items fixed. The shocks had to do with the way it was handling and steering.

Mr. Dallaire added the steering on the truck was spec'd out to be a 20,000 axle. The other trucks were spec'd out to be a 20,000lb axle but we got the 23,000lb suspension system. They are saying the shocks will fix the bounciness. We will try it. Otherwise we will ship it back and do a trade in.

## 24. Not For Possible Action: Discussion on the Town Manager's Monthly Report of activities for March 2016.

Mr. Dallaire met with Dave at the Village Motel about the acquisition of a portion of that property. I received an email from Army Corp on our channel. They are now looking for me to provide a map that shows only areas filled in, as well as the area of linear foot and volume of fill used. I sent them another email to find out if I can get it to them later. It will take some research. I told them it's done and growing grass. There were a few thousand yards of fill material. We removed 17,000 yards of material.

Vice-Chairman Miller asked about the Old Gym Playhouse. Does that mean the Historical Society doesn't want to do any type of partnership with us?

Mr. Dallaire would need to go to the Historical Society board and ask them. I can have Holly Lunda do a presentation on it if are interested. It would be \$1 a year for 100 years.

Mrs. Jones asked what it would cost to insure it, run it, upgrade it and clean it. Our revenue is flat. We can't keep adding costs. Something like the playhouse is a wonderful thing but it's not what we are designed to do. So to keep taking on those kinds of projects we will endanger our ability to meet our core purposes if we don't stop.

Vice-Chairman Miller felt if our revenue went up I'm sure the county would find a way to keep it flat.

Mrs. Jones thought the playhouse could be a very good resource to do things like weddings, but that's not what we are supposed to do.

Mr. Higuera thought the rent is reasonable. We can afford the rent. What we have to look at is doing it with grants and not spending.

Mrs. Jones would like to finish the Gardnerville Station first.

Mrs. Slater would like to table this for a while.

Mr. Dallaire pointed out it needs a new roof immediately. There are ADA issues. They don't want to give up parking so it's just the structure. It is in pretty bad shape.

Mrs. Slater asked about an item where you were talking about paving the parking lot around the old jail.

Mr. Dallaire hasn't heard back from Doug Ritchie on the alley. But basically what came back from the title report is that it is the county's. So Doug wanted to know what we want to do with it. The county could repair it, fix it and we'll partner with them on paving the parking lot. The dirt area is ours. I can continue to ask.

Mrs. Slater would like an answer. What's the decision? Let's get this resolved. We can block it off. If they don't want to deed it over to us we'll know where we stand.

Mr. Dallaire asked if we want them to deed it over after they fix it.

### 2<sup>nd</sup> PUBLIC INTEREST COMMENTS period (No action will be taken)

Mr. Henningsen thanked the board. It has been a very informative meeting. You cover just about everything. Meeting adjourned at 8:07 p.m.

## **MEMORANDUM**

## Town of Gardnerville

Tom Dallaire, P.E.

TO: Tom Dallaire

FROM: Marie Nicholson

SUBJECT: Praise for the Town of Gardnerville Public Works Department

DATE: 4/26/16

Today I got a call from Debra Rimmer, a homeowner in Arbor Gardens. She was overflowing with praise and thanks for town staff's replacement of the street sign in her neighborhood. She informed us of the problem before going on vacation, then returned to find the work successfully completed. She sends a big thank you to everyone who worked to make this happen.

- A semi load of new totes will be delivered at the end of May.

### Engineering - 04/2016

- Calculations were researched for verification of a concrete pad in the Stodick detention pond. The proposed pad and facilities do not violate design stands or capacity.
- Carrick park off the leash dog park concept and requirements were evaluated. The park will need signage, a water fountain, and fencing. No special use permit is required.
- Traffic Control Plans were drawn up for a street closure on Eddy Street for a local business.
- Working with a developer and the County to resolve an issue with a storm drain outlet structure on Kimbles.
- 4 ADA ramps were installed on the corner of Toler and US Highway 395
- The Hellwinkel project was finished up with the sidewalk and removal of old utility poles. The remaining portion is to finish the AS-BUILT plans in-house.
- A contract was signed with Precision Concrete Inc. to repair over 300 trip hazards.

# **FESTIVAL PLANS**

Detailed explanation of the applicant's plans to provide security and fire protection, water supply and facilities, food supply and facilities, sanitation facilities, medical facilities and services, vehicle parking space, vehicle access and on-site traffic control and, if it is proposed or expected that spectators or participants will remain at night or overnight, the arrangements for illuminating the premises and for camping or similar facilities. The applicant's plans shall include what provisions shall be made for numbers of spectators in excess of the estimate, provisions for cleanup of the premises and removal of rubbish after the event has concluded. A plot plan showing arrangement of the facilities including those for parking, egress and ingress shall be submitted with the application. (§ 5.12.050)

### ATTACH ADDITIONAL PAGES IF NECESSARY

## Describe law enforcement protection plan (§ 5.12.100/5.12.120(A))

Applicant 20-30 Club provides 24 hour security by all active 20-30 club members throughout the duration of the event at Lampe Park. The total number of active 20-30 Club members is 12. In addition, applicant agrees to employ police protection at the club's own expense. Applicant understands and agrees that the number and type of officers shall be determined and specified by the sheriff with approval by the board of county commissioners. At the same event, applicant employed 2 foot patrol officers @ 6 hours each on Friday, 2 foot patrol officers @ 8 hours each on Saturday, 4 bike patrol officers @ 8 hours each on Saturday, and 2 foot patrol officers @ 8 hours each on Sunday (for a total of 68 hours @ \$45/hour = \$3,060). Applicant anticipates that the number of officers and hours will be this year, although the hourly rate will most likely increase. Applicant in years past has requested for all deposit funds with the county be paid following the event for the police protection.

Describe plan for location and supply of water facilities (§ 5.12.110/5.12.120(8))

Applicant will provide an ample supply of potable water for drinking and sanitation purposes. Applicant has prepared a map (attached to this festival plan) detailing the location of 3 water spickets (water outlets) in and around the area of the carnival and festival. There are a total of 14 drinking fountains throughout the entire park which should meet gallons per hour required. In addition, there are 12 vendors who will be selling water and/or other refreshments during the event. Furthermore, the carnival and festival is located a short walking distance from 3 supermarkets, a convenience store and numerous restaurants. Due to the historical nature of this annual event, applicant would request the county to modify the water facilities conditions as there has always been an ample supply of potable water available to every person attending the event.

### Describe food concessions plan (§ 5.12.120/5.12.120(C))

Twelve vendors will operate food concessions during the carnival and festival at Lampe Park. The location of the food vendors are depicted on the map attached to this festival plan. In addition to the 12 food concessions on-site, the carnival and festival is located a short walking distance from 3 supermarkets, a convenience store and numerous restaurants. All food vendors will be licensed and operate under a valid health department permit pursuant to NRS chapter 446. Applicant will not allow any food vendor to operate his concession unless the vendor has the permit in his possession. Applicant will provide sanitation facilities (toilets and washing stations) for the food vendors and their employees. The toilet facilities and washing stations are depicted on the map attached to this festival plan. The toilet facilities are located within 50 feet from most of the food concessions. Due to the historical nature of this annual event, applicant would request the county to modify the location of the toilet facilities condition as all food vendors are provided easy and a short access to toilets and hand washing stations.

# Describe tollet facilities plan (§ 5.12.130/5.12.120(D))

Applicant will provide amply supply of tollet facilities throughout the duration of the event at Lampe Park. Applicant has prepared a map (attached to this festival plan) detailing the location of 36 toilets and 4 wash stations. Included with the toilet facilities will be 3 services (freshen up) throughout the duration of the event. The applicant will be using shamrock septic service for sanitation. Due to the historical nature of this annual event, applicant would request the county to modify the location of the toilet facilities condition as there has always been an ample supply of toilets available to every person attending the event.

# Describe trash cans and litter plan (§ 5.12.130/5.12.120(E))

Applicant will provide amply supply of trash cans on the premises of the event. There will be (30) thirty-six gallon trash cans with plastic bag liners on the premises. Once the trash cans reach 2/3 full they will emptied by applicant and a new bag liner will be replaced. The full bags will then be hauled to the (2) larger 33 yard dumpsters on site. Applicant has prepared a map (attached to this festival plan) detailing the location of the (2) 33 yard dumpsters. The applicant will be using Douglas Disposal for refuse. At the conclusion of the event Douglas disposal at the cost of the applicant will pick up all refuse dumpsters. Due to the historical nature of this annual event, applicant would request the county to modify the trash cans and litter plan condition as there has always been an ample supply of trash cans available to every person attending the event.

# Describe medical facilities plan (§ 5.12.140/5.12.120(F))

Applicant has contracted with East Fork Fire Protection for all emergency medical treatments throughout the duration of the event. East Fork fire will have an on-site command area with on-site personal Saturday and Sunday of the event. In the needs of additional personal or outside the times of onsite personal the applicant will contact emergency dispatch for immediate assistance. Due to the historical nature of this annual event, applicant would request the county to modify the medical facilities plan condition as there has always been an adequate medical attention to every person attending the event. East Fork Fire Protection District has agreed to waive all fess for this event due to the longevity and nature of this community event. If this agreement happens to change the applicant has requested for all deposit funds with the county be paid following the event for the medical protection.

# Describe fire protection plan (§ 5.12,210/5.12.120(G))

Applicant has contracted with East Fork Fire Protection for all emergency fire protection throughout the duration of the event. East Fork fire will have an on-site command area with on-site personal Friday, Saturday and Sunday of the event. In the needs of additional personal or outside the times of onsite personal the applicant will contact emergency dispatch for immediate assistance. Due to the historical nature of this annual event, applicant would request the county to modify the fire protection plan condition as there has always been an adequate fire protection to every person attending the event. East Fork Fire Protection District has agreed to waive all fess for this event due to the longevity and nature of this community event. If this agreement happens to change the applicant has requested for all deposit funds with the county be paid following the event for the fire protection.

Describe parking areas, access and parking control plan (§ 5.12.150-160/5.12.120(H))
Applicant will provide amply amount of parking spaces. Applicant has approval from Douglas County to use the proposed site of the community center. There will be ingress and egress off of waterloo lane. The ingress and egress areas will continually be monitored to make sure there are no vehicles blocking these areas. If in such an event that these areas become blocked by vehicles the owner will first be first attempted to be contacted if no one is able to be found in a timely manner then additional action will be taken ultimately resulting in it being towed. There will be assistance provided Friday & Saturday of the event by an youth organization with parking direction and ingress and egress to parking areas. The applicant Carson Valley Active 20-30 club will provide traffic assistance on Waterloo lane throughout the duration of the event to insure orderly flow of traffic to parking areas. Due to the historical nature of this annual event, applicant would request the county to modify the parking areas, access and parking control plan condition as there has always been an ample amount of parking areas, access and parking control available to every person attending the event.

# Hours of operation (§ 5.12.170/5.12.120(I))

Applicant has prepared a schedule (attached to this festival plan) of events detailing the times of activities throughout the event.

Describe location of on-site headquarters or contact information (§ 5.12.120(J))
The location of the on-site headquarters will be located near or by the music stage and main beer area. There will be a travel trailer located there 24 hours a day throughout the duration of the vent. Applicant has prepared a map (attached to this festival plan) detailing the location of the on-site headquarters. Any member of the Carson Valley Active 20-30 club wearing a red vest should be able to be contacted. If for some reason there is no one there to contact please contact Tommy Lovell of the Carson Valley Active 20-30 Club 24 hours a day at 775-313-6913.

## **Describe Illumination plan** (§ 5.12.180/5.12.120(K))

Applicant will provide amply amount of illumination throughout the event. Applicant has prepared a map (attached to this festival plan) detailing the location of all illumination devices. Due to the historical nature of this annual event, applicant would request the county to modify the illumination plan condition as there has always been an ample supply of illumination available everywhere throughout the event.

# Describe overnight camping facilities plan (§ 5,12,190/5,12,120(L))

Applicant Carson Valley Active 20-30 club will have members staying overnight in Lampe Park in some form of camping throughout the duration of the event. There will also be overnight camping facilities for Carnival staff throughout the duration of the event located within Riverside Park. There will be additional Toilet facilities, power, and trash cans in these camping areas. There will be no sanitation dumping or trash left in either park locations. Due to the historical nature of this annual event, applicant would request the county to modify the overnight camping facilities plan condition as there has never been an concerns of the overnight camping facilities available everywhere throughout the event.

# What provisions will be made for numbers of spectators in excess of the estimate (§ 5.12.050/5.12.040)?

The applicant has made the following provisions in advance in the case the number of spectators is in excess of the estimate. The estimated number of toilets for the event per the chart in section 5.12.120 sub-section "D" requires 20 toilets and we will be providing 36 toilets. The parking area provided will handle additional parking if needed. There will be bottled water available on site at the headquarters location if the existing drinking fountain's throughout the park is exceeded. If there is any need from the following agencies such as fire, law enforcement, trash, and medical that need to be adjusted those agencies will be contacted directly by the applicant during the event and request additional support right away.

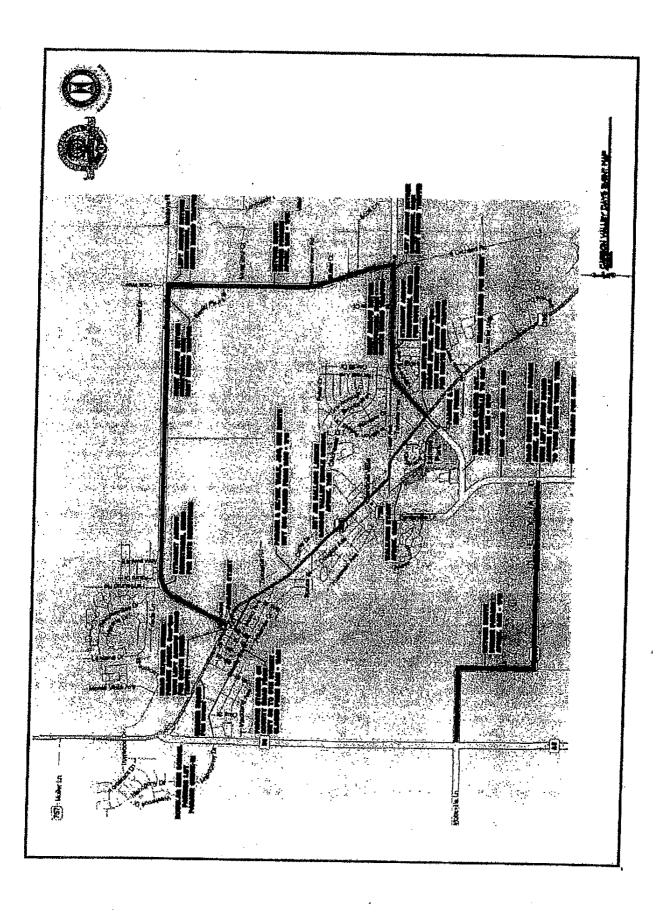

Attach a plot plan showing arrangement of the facilities including those for parking, egress and ingress. (§ 5.12.050/5.12.040)

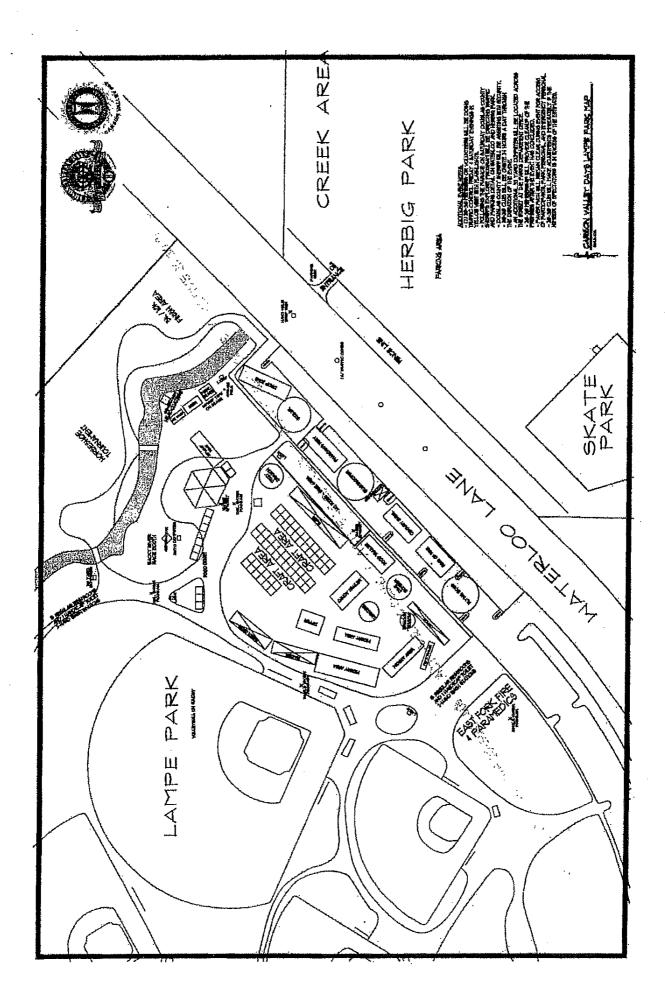

Applicant has prepared a map (attached to this festival plan) detailing the layout of the event.

RE: Highway 395 Closure for Carson Valley Days Parade on June 11, 2016

Please accept this as a letter of support for the Carson Valley Active 20-30 Club #85 request for a portion of Highway 395 to be closed on the morning of Saturday, June 11, 2016.

This event, the Carson Valley Days Parade, is one that draws considerable attention and business to our towns each year. It has great benefit to the entire community and particular value to our merchants.

The Carson Valley Chamber of Commerce appreciates your efforts and is ready to answer any questions concerning our support of this request.

Respectfully,

Bill Chernock
Executive Director

# Main Street Gardnerville's Program Manager Report May 3, 2016

# • Organization Committee:

- o Finalizing all of the new sponsorship packets (Events, Projects and Volunteer) and is working on the best way to roll out the sponsorship effort.
- Since the majority of our memberships are paid on the Fiscal Year basis, they will begin following up with existing members to renew their memberships, while also focusing on potential new members to the program.
- o Planning a volunteer/business recognition event for Sunday, July 17<sup>th</sup>, 1p-4 pm at Heritage Park.
- o The committee will be following up with Senator Settelmeyer regarding moving forward with our efforts to see the creation of a State Program.

## • Promotions Committee:

- o Planning and coordinating efforts for upcoming events:
  - Great Race (along with the Town)
  - Freedom 5K Fun Run/Walk & Yankee Doodle Dash (along with the Town)
  - Gearing up for the 8<sup>th</sup> Thirsty Third Thursday Wine Walk season:
    - May 19<sup>th</sup> Patriotic
    - June 16<sup>th</sup> Pirate
    - July 21st Super Heroes
    - August 18<sup>th</sup> Famous Pairs
    - September 15<sup>th</sup> Masquerade
  - Coffin Races
- O Planning CV Days parade entries promoting both the Great Race and the Coffin Races. We have several coffin teams from last year's Coffin Races that have agreed to be in the parade. Working on getting some vintage cars as well. Coordinating this effort with the Town.
- well. Coordinating this effort with the Town.

  Looking ahead at developing a couple of potential ideas to enhance a few existing events and to create something new for the first quarter of 2017.

# • District Vitality Committee

- o Working on a "Design your District" Campaign
- o Revolving Loan Fund Program Re-launch
- New Business Welcome Packet
- Working on plans to keep existing members/district businesses engaged
- o Fall in Love with the District- Vacancy Promotion Campaign

# **Design Committee:**

- o New Sidewalk Gallery will be going up within the next few weeks with new frames and a new display from DHS Photography Class. Plans are in progress to arrange a special reception for the students and their families, as we do each year, for their contribution for this effort.
- o Let's Sweep the Town event is scheduled for Saturday, May 14<sup>th</sup>, 8:30 am 12:30 pm with a BBQ lunch served to volunteers afterwards.
- The Community Gardening Day at Heritage Park Gardens on April 9<sup>th</sup> went well, despite the heavy rain all afternoon. Approximately 40 people attended the event and there is only one bed left to rent out.
- Plans are underway for the annual Grand Opening at Heritage Park Gardens on May 21st, 10 am - 1 pm. Craig Witt from Full Circle will give a tomato talk at 11:00 that day. He will also donate tomato plants and a few small bags of his product that we can use as we wish that day. We will have plants available that committee members are growing and some houseplants that have been donated. We'll have the children's activities and also celebrate the new "art bin" and possibly the other trees planted by Lowe's.
- o Volunteers are coordinating another class field trip to HPG, this time the class is from GES.
- At the suggestion of a town staff member, the green waste bin that is placed at the gardens is becoming a "work of art." Students from DHS are painting it so that it is more attractive to be in the park/gardens area.
- Flower Baskets sales are going well. As of April 27<sup>th</sup>, we have 46 baskets spoken for with 22 yet to be sponsored.
- Flower Committee Members are currently visiting the local businesses to promote the Adopt a Pot
- Mural Certificates for sponsors of the project have been completed and will be distributed over the next few weeks.

**Background Information**: The board heard a presentation two months ago requesting the ability to charge for small events on the HPG property. Last month they had the form and policy, but there was an insurance question. That has all been cleared up and Mike prepared a lease for Main Street to review and sign and had them add the property to their insurance as well, to have events and control of the property. The lease is for 10 years, expiring the same year as the jail building. Then both leases can be updated and reviewed by the board and manager at that time.

# HERITAGE PARK GARDENS LEASE AGREEMENT

This Heritage Park Gardens Lease Agreement ("Lease") is made and entered into effective the \_\_\_\_\_ day of May 2016, by and between the Town of Gardnerville, Nevada ("Town") and the Main Street Gardnerville Board of Directors ("MSG"). The parties hereby enter into the following Lease.

# WITNESSETH

WHEREAS, the Town owns the area where the Heritage Park Gardens ("Gardens") have been developed and are developing into a positive, attractive feature of Heritage Park; and

WHEREAS, MSG has been approached by various persons or groups requesting the ability to use the Gardens for private events; and

**WHEREAS**, the Town is desirous of granting to MSG, by virtue of this Lease, the right to review and approve applications for use of the Gardens subject to the terms and provisions of this Lease; and

WHEREAS, MSG is desirous of controlling the Gardens area for the purpose of allowing private events to be conducted at the Gardens subject to the terms and provisions of this Lease.

**NOW, THEREFORE,** based upon the above-stated recitals, each and every of which are an important term and condition of this Lease and incorporated into this Lease as though set forth verbatim below, and upon the following terms and provisions, the Town and MSG agree as follows:

# 1. Leased Premises:

In consideration of the terms and provisions of this Lease, the Town demises and leases to MSG, and MSG leases from the Town, the 1.6 acre property (APN: 1320-33-310-005) located at 1461 Ezell Street, located adjacent to Heritage Park, Gardnerville, Nevada, owned by the Town, commonly known as the Heritage Park Gardens.

MSG may use and occupy, and control, the Gardens, including all areas thereof, subject to the terms and conditions of this Lease.

# 2. Term:

MSG shall have and hold the Gardens premises for and during the full term of ten (10) years commencing as of 15 May 2016 and ending on 14 May 2026.

Page 1 of 3

# \_\_\_ Termination:

Either party may terminate this Lease, with or without cause, upon provision to the other party of sixty (60) days notice of Intention to Terminate Lease. Upon the expiration of sixty (60) days from receipt and delivery of a notice of Intention to Terminate Lease this Lease shall be terminated.

### 4. Consideration:

For, and in consideration of, MSG always, during the term of this Lease, maintaining liability insurance providing for the Town to be an additional insured and certificate holder in the amounts as specified in the Certificate of Liability Insurance attached hereto as Exhibit "A", MSG's adherence to all of the Town's policies relating to the use of Heritage Park, MSG's enforcement of MSG's Heritage Park Gardens Event Policy, and MSG's obtaining a completed Heritage Park Gardens Special Event Application for each, every and all events allowed in the Gardens, the Town will lease the area of the Gardens to MSG. Copies of the Main Street Gardnerville Program Corporation Policies and Procedures relating to Heritage Park Gardens is attached hereto as Exhibit "B", and a copy of the Heritage Park Gardens Special Event Application is attached hereto as Exhibit "C".

### 5. Use of Premises:

MSG may use the Gardens for any event permitted by MSG's Heritage Park Gardens Event Policy, provided, however, that no more than 100 people per event may be permitted in the Gardens. In addition, for any event permitted by MSG in the Gardens, an adequate supply of restrooms or portapotties, other than the Town's restrooms, shall be supplied. Lastly, should an event scheduled for the Gardens require electrical power, the applicant or MSG shall provide a source of electricity for the event.

Any event scheduled for the Gardens shall be reviewed by the Town before MSG may actually permit use of the Gardens to ensure that a proposed event does not conflict with a Town approved use of Heritage Park.

# 6. Governmental Regulations:

MSG shall ensure, at either MSG's or the applicant's sole cost and expense, compliance with all of the requirements of all Douglas County, town, state, federal or other applicable government regulations now in force, or which may hereafter be in force pertaining to the Gardens and shall use and observe such regulations in all uses of the Gardens.

# 7. Notices:

Any notice, demand, request or other instrument which may be given under this Lease shall be delivered in person to:

Town:

1407 Hwy. 395

Gardnerville, NV 89410

MSG:

1407 Hwy. 395

Gardnerville, NV 89410

# 8. Applicable Law:

This Lease shall in all respects be governed by the laws of the State of Nevada as in effect at the time of this Lease or as modified from time to time.

# 9. Multiple Counterparts:

This Lease may be executed in any number of counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same instrument, but in making proof of this Lease, it shall not be necessary to produce or account for more than one such counterpart. It is not necessary that each party hereto execute the same counterpart so long identical counterparts are executed by all parties.

IN WITNESS WHEREOF, the Town and MSG have signed and sealed this Lease to be effective as of 15 May 2016 notwithstanding a different date of execution by the Town and by MSG.

Main Street Gardnerville Program Corporation Policies and Procedures

SUBJECT: HERITAGE PARK GARDENS EVENT POLICY

# HERITAGE PARK GARDENS ("HPG")/GARDNERVILLE ("TOWN") PROPERTY USE AND RESERVATION POLICY RULES AND REGULATIONS

# 1. Heritage Park Gardens Use and Reservation Policy:

The Main Street Gardnerville Board ("Board") defines and declares that, with the completion of the improvements to HPG, and the requests for public and private exclusive use of Heritage Park Gardens on Town property, HPG use requires a reservation policy for all persons desiring to use, promote, encourage or sponsor activities on town property.

The Board will, for events, allow for a public or private group or person to reserve HPG for such use, for limited amounts of time, pursuant to this policy and the following rules and regulations.

Any person desiring to use HPG for an event must first apply to the Main Street Gardnerville ("MSG") office for approval by the HPG Committee Chair and MSG Program Manager for the event within HPG.

### 2. Priority of Uses:

The Board establishes, in the first instance, that reservation of HPG shall be on a first come, first served basis. If an application is received, reviewed and approved, the application to use HPG shall take precedence over any other applications even if a later received application requests use of HPG for the same time period

# 3. Application:

A completed "Reservation Form and Release of Liability and Indemnification Agreement" ("application") for use of HPG to conduct an activity or event, must be submitted in writing to MSG at least 10 business days prior to the event date and shall be accompanied by any fees and/or deposits established or required pursuant to this Policy.

### 4. Cancellations and Refunds:

Reservations may be cancelled for a full refund up to 5 business days prior to the scheduled use. If a reservation is cancelled with less than 5 business days remaining prior to the scheduled use, no refund will be given, except in extraordinary circumstances, extreme weather, natural disasters, or other acts of God, but any deposits made will be refunded.

# 5. Damage to Facilities:

Any applicant whose use of HPG causes damage or excessive wear and tear to HPG or its fixtures shall be required to reimburse MSG/the Town for all costs to repair, replace, restore, repaint or clean up the affected area to its original condition prior to the use. Any damage caused by HPG use beyond normal wear and tear shall cause any future application submitted by the same person or entity to be reviewed to determine if the applicant will be allowed to use HPG/town property and its facilities in the future.

6-3

## 6. Reservation Fee:

A minimum \$50 donation is required to serve as a basic reservation fee for use of HPG. Checks made payable to Main Street Gardnerville.

### 7. Alcohol and Food:

Should the applicant desire to sell alcoholic beverages and/or food, the applicant must request permission from the Board on the application. Only beer or wine may be consumed at an event and/or during HPG/Town property use. The applicant shall obtain any other permits required for the selling alcoholic beverages and/or food, including but not limited to any liquor/food handling permits required by Douglas County, and proof of compliance with such permit requirements must be submitted with the completed application within the time for submitting the application as set forth in this Policy.

### 8. Insurance:

As part of the application, each applicant shall supply proof of insurance as required below, unless the applicant is a local government entity sharing the same liability insurance as the Town, in which latter instance Town staff shall verify the status of the local government entity and the liability insurance of such entity. Subject to the immediately preceding sentence, comprehensive general liability insurance naming the Town as an additional insured and certificate holder with minimum limits of insurance of \$1 million for each occurrence and \$1 million annual aggregate will be required for any Town park use when 1) the event is open to the public; 2) a fee is charged; 3) the very nature of the event and/or the number of applicants require(s) liability insurance; 4) alcoholic beverages are to be sold; and/or 5) as recommended by the Town Manager to the Board and/or as determined by the Board. Insurance coverage must include premises, operations, products and completed operations, at a minimum.

# 9. Miscellaneous Use Rules:

Winter Restroom Use: The applicant will be charged \$50.00 if park restroom use is required from the time period of the day immediately after Thanksgiving until March 31 of the next year.

**Damage or Destruction of Town Property:** No person shall intentionally damage, destroy, remove or modify any MSG/Town property.

Music: Amplified music must have prior approval.

*Tents, Canopies, Awnings, etc.*: Erection of tents, canopies, awnings, or other like structures must be preapproved. Bounce houses, dance floors, or tents larger than 20 ft. by 20 ft. may be subject to additional security deposits and/or insurance coverage, at the discretion of the Board and as recommended to the Board by the Town Manager.

Firearms, Crossbows, Air Rifles, and Fireworks: The discharge of firearms, crossbows, air rifles or fireworks is strictly forbidden.

*Camping:* Camping is not permitted on Town property. Exceptions may be granted at the sole discretion of the Board.

All Other Laws: An applicant requesting to use Town property for an event is responsible for complying with all federal, state, and county laws and ordinances, including the Nevada Revised Statutes, the Nevada Administrative Code, and the County Code for Douglas County, Nevada ("Douglas County Code"). This includes but is not limited to any outdoor festival permits, liquor licenses, etc. required by the U.S. government, the State of Nevada, Douglas County - Nevada, or the Town of Gardnerville. The Town shall provide a copy of this Policy to the applicant at the time of furnishing an application.

# **AGENDA ACTION SHEET**

- 1. <u>For Possible Action:</u> Discussion to approve, approve with modifications or deny a request by Aaron Hampton, Stodick Estates HOA, to install Dogipots at the entrance to Stodick Estates detention pond; with public comment prior to Board action.
- 2. Recommended Motion: Motion to approve the installation of the Dog I Pot station at the sidewalk of the pond area.

Funds Available: ☐ Yes ☐ N/A (requires staff time)

4. Prepared by: Tom Dallaire

5. Meeting Date: May 3, 2016 Time Requested: 10 minutes

6. Agenda: □ Consent □ Administrative

**Background Information**: Dog I posts are located along Toler Lane starting with across the street. More dog I pots were installed along the trail and Martin Slough pond system at Chichester Estates. While they do help with the amount of dog feces found along the trail, it is not a cure to the problem of people picking up after their pet. The stations do help provide the opportunity for the dog owners to do the right thing. Other users of the trail tend to "police" the situation if the bags and dump sites are available to those with dogs. More information will be presented at meeting by Aaron Hampton.

Aaron wants to keep this simple yet functional. He does not want it to be a local park. There is a nice park (Stodick) across the street.

# Board needs to determine:

1. Install a Dog I Pot at the back of walk behind the tree.

2. Provide and be reimbursed for Dog I Pot by HOA common area.

3. Is the board willing to provide maintenance on the Dog I Pot on HOA property?

- 1. For Possible Action: Discussion with the public to engage in the national conversation at the local level about issues of interest or concern to the Town of Gardnerville residents and/or businesses in recognition of National City Council Meeting to be held between May 3rd thru May 17th. The public is invited to submit issues they are concerned about or would like to have addressed by the town. The National City Council meeting is geared towards each community's interests; including but not limited to; sales tax loop hole, infrastructure, transportation, community resilience, bicycle and pedestrian safety, community involvement opportunities, education, jobs and the economy. Infrastructure improvements and current projects status will be presented by Tom Dallaire

**Background Information**: The League of Cities was looking for support to engage the community in what they are looking for from the town. GRGID and IHGID are both participating in this effort over the next couple of days. This is an attempt to gain public support and invite them to relay to the board ideas and concerns they have on their community. Staff will prepare a presentation for the board meeting on the infrastructure and projects the town is working on and have planned for the near future.

- 3. In an effort to obtain some input form the community. The annual town survey is going to be changed by removing the recycling question. We know people want recycling and are willing to pay up to \$5 for the service.

Staff would like to ask the following question to the community survey and get it out to the people much sooner than last year. Then we can advertise the survey at movies in the park and other events;

# Town of Gardnerville PRESS RELEASE

FOR IMMEDIATE NEWS RELEASE

April 29, 2016

# TOWN OF GARDNERVILLE IS TAKING PART IN INAUGURAL NATIONAL CITY COUNCIL MEETING

The Town of Gardnerville is taking part in the inaugural National City Council Meeting at 4:30 PM on Tuesday, May 3, 2016, in Town Hall, located at 1407 Highway 395, Gardnerville NV 89410. The National City Council Meeting includes city council and town hall meetings simultaneously taking place in cities, towns and communities across the nation. Residents, business owners and civic leaders are encouraged to attend to add their voices to the conversation.

Modeled after the successful National Night Out, the purpose of the event is to engage in a national conversation at the local level about issues of interest or concern to all communities. The national meeting agenda, which is customized by each city to best fit a community's interests, includes topics such as infrastructure and transportation, community resilience, bicycle and pedestrian safety, community involvement opportunities, education, jobs and the economy. For a copy of the Town of Gardnerville's agenda, visit <a href="https://www.gardnerville-nv.gov">https://www.gardnerville-nv.gov</a>

Item #9 agenda of the town agenda will provides an opportunity to educate and engage the public while providing the town board an opportunity to receive feedback from residents on issues they may be concerned with. The program will include an opportunity for residents to voice their concerns facing the community and get the board perspective on those issues or concerns. A presentation of projects the town is currently working on, work completed, projects and or events we are planning for in the near future and their project or events priorities.

The National City Council Meeting provides a unique opportunity for our community to join together in a conversation to ensure that residents have a voice on topics that matter to them, their families and their neighbors. It is important for citizens to know that their local government and the officials they elect are accessible and actively listening to the needs of the community and that they have a voice in critical decisions that are being made on their behalf.

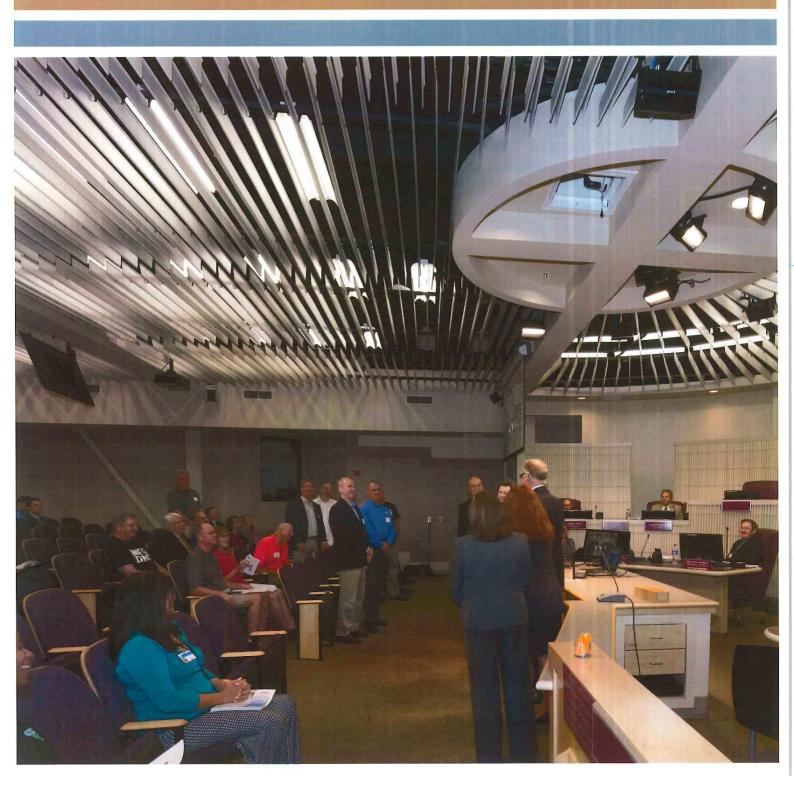

What are your thoughts on these topics?
Discussion on trash recycling.
Maintenance yard improvements.
Gardnerville Trails master plan review.
Condition of the town roads.
Town Storm Drain System – County may charge for this maintenance.
Capital projects the town is working towards.

Did you want to discuss any other topics? Contact us @ (775) 782-7134

The National City Council Meeting event was conceived and is spearheaded by City of Henderson (Nevada) Mayor Andy Hafen. To learn more about the national program model, visit cityofhenderson.com/nccm.

# Town of Gardnerville **Resolution 2016-01**

A Resolution in Support of Closing the Online Sales Tax Loophole.

Whereas, the Town of Gardnerville has joined with other cities in Nevada to participate in the National City Council Meeting to call attention to issues of municipal concern; and

Whereas, closing the online sales tax loophole has long been a priority of the Town of Gardnerville, the Nevada League of Cities and Municipalities and the National League of Cities; and

Whereas, the Legislature of the State of Nevada has adopted resolutions urging Congress to enact legislation closing the online sales tax loophole and leveling the playing field for brick and mortar businesses in Nevada; and

Whereas, the National Conference of State Legislatures has estimated that \$344,923,618 in owed sales taxes in Nevada, and a staggering \$23,260,009,564 nationally, went uncollected in 2012 depriving all levels of government revenue needed to provide services to their constituents;

**Therefore be it Resolved** that the Town of Gardnerville, as part of the National City Council Meeting, urges Congress to pass legislation similar to the Remote Transactions Parity Act (H.R. 2775) or the Market Fairness Act of 2015 (S. 698) and

**Therefore be it Further Resolved** that a copy of this Resolution be forwarded to the members of Nevada's Congressional Delegation.

**Approved and Adopted** this 3<sup>rd</sup> Day of May 2016 by the Gardnerville Town Board

# WAM WEB SERVER

2015 Services and Pricing

The WAM Web Server is an internet server set up exclusively for WAM clients. A subscription to this server allows you to access all of its free services and the option to access its fee-based services. You must be on continuous support in order to obtain a subscription to the WAM Web Server; the reason being is that we will be constantly enhancing the services provided on it for at least the next few years and we must be able to update you to the latest version so that you can keep up with all of the interface capabilities we will be adding.

It is important to note that the WAM Web Server has a number of security features built in to prevent unauthorized access to your information. While we do not publish what these security measures are (for obvious reasons), one of them is that the connection is an SSL secure connection similar to the security that banks and online payment companies use.

# **X**ONLINE ACCOUNT LOOKUP (FREE WITH SUBSCRIPTION)

This allows your customers to look up their balances on the internet. To see an example of what this looks like, go to www.wamsoftware.com and click the "Sample Web Payment" under the "Payments..." dropdown link. (Use Acct# 100010 and Password 1001). Cost: Free with WAM Web Server subscription.

Other possible costs:

1) If you already have a web site, you will need your web designer to add a link so that you customers can click a "Make Payments: button to have access to their balance information. There may be a charge from your web designer for this.

2) If you do not have a web site or you are unhappy with it, we have a company that will set one up for vou at a very reasonable cost, including the link to the Online Account Lookup. Go to www.happystrash.com for more information on the services that they offer.

# **※** ONLINE BILL PAY (FREE WITH SUBSCRIPTION)

This allows your customers to pay their bills online. This is an option that is allowed within the Online Account Lookup. To see an example of what this looks like, go to www.wamsoftware.com and click the "Sample Web Payment" under the "Payments..." dropdown link. (Use Acct# 100010 and Password 1001). When the customer information notice the buttons on the bottom that allow them to pay by credit card or check. Cost: Free with WAM Web Server subscription. Other possible costs:

1) Optional – If you want the credit cards to be processed online (instead of the credit card information just sent back to you), you will need an online credit card company to process them. We currently use Authorize.Net, which can be set up to just be a "gateway" to your credit card processor or, upon their acceptance of your application; they will act as both the "gateway" and the credit card processor.

### WEB BILLING

A subscription to WAM Web Services allows for the optional Web Billing feature. Web Billing allows your customers to view and print their bills online. It also allows for sending an email to your customer with a link that connects them to view their bill online. Web Billing is fully described in the Web Billing signup forms. Contact Tech Support if you need these forms. Cost: Described in the Web Billing documentation and signup forms.

# DATA TRANSFER FOR WAM HANDHELD

This allows for the transfer of information from your office to WAM Handheld units and from WAM Handheld units back to your office.

Cost: Free with WAM Web Server subscription.

Other possible costs:

1) There are a number of other costs associated with equipping your fleet with in-truck WAM Handheld units other than the transferring of data. Call Tech Support for more detailed information.

# OFF-SITE QUICK BACKUP

This is an off-site backup of your customer data. It is suggested that you keep an off-site backup of your customer data at least once per month. Even if you are not doing this on a consistent basis in some other manner, you should still use this service as this service is meant as a fail-safe in case something goes wrong with your normal backup procedures.

Cost: One backup per calendar month free with WAM Web Server subscription; \$20 per additional backup

within any calendar month.

Note: While this off-site backup service is still available, the newer "Cloud Backup" service is now suggested. "Cloud Backup" is separate from Web Services (i.e. a Web Service subscription is not required) and it allows you to backup all of your data, not just your main WAM data.

# **CALL CENTER**

This service makes automated telephone calls to your customers. It can be used to make collection calls, promote seasonal services, inform of route-day changes, etc. You may record the exact audio for the call or use one of our generic pre-recorded messages. Also, for an additional charge, we will record a custom message for you based upon text that you provide. Cost: \$25 per submission plus 7 cents per call per minute. For example, a job of 500 one-minute calls would be \$60, calculated as \$25 + \$35 (.07 \* 500 = 35).

# **EMAIL CENTER**

This service sends emails via the secure WAM Web Server. If you have WAM-Hauler Version 4.57 or above and you have a Mail Server set up on your network, you do not need to use the WAM Web Server to send emails; you can send them directly from your network at no cost. Reasons to use the WAM Web Server to send your emails might include not wanting to set up and maintain the Mail Server on your network, your Mail Server not working properly, your internet provider charging extra for significant email use, or the fact that you want the emails to go out on a secure web server. Note: Mail Servers are part of your network (not WAM-Hauler) and are set up and maintained by qualified network technicians.

Cost: \$25 per submission plus \$10 per 1,000 emails sent.

# \* CREDIT CARD CENTER (FREE WITH SUBSCRIPTION)

This allows you to automatically process your recurring credit card payments.

Cost: Free with WAM Web Server subscription.

Other costs: Your gateway and merchant account processor normally charge a small per transaction and/or percentage fee to process the credit cards. Contact Tech Support for the name and number of the low-cost merchant processor we are currently working with.

# ADDRESS CORRECTION

This is correction of your address data so that it adheres to the Post Office standard format and has the current Post Office Zip+4 information. While you can do this for different reasons, it is normally done once every two or three months to all active Billing Addresses so that you can print out a Post Office certified CASS Report (Coding Accuracy Support System). A valid CASS report along with printing postal barcodes on your bills allows you to get a cheaper rate for permitted post office mailings.

Cost: \$150 per submission

Other costs: The Post Office charges a yearly permit fee to do the types of mailings that receive discounts.

# **ROUTE OPTIMIZATION**

This is an optimization of one Route-Day combination. It compares the current routing for that Route-Day combination to the suggested routing, showing distance and time differences.

Cost: \$50 per Route/Day combination

Other possible costs:

1) Optional – The online optimization only optimizes addresses for one Route/Day combination at a time, where the Route# and Day are already established. If you are looking to reorganize your entire routing structure, we offer that service at an additional cost.

2) Optional – If you want to purchase route optimization software to run locally on your system (without any WAM costs or WAM support), we will guide you on how and where to purchase this software. The cost for route optimization software is normally in the \$15,000 to \$80,000 range, with yearly update fees in the \$5,000 to \$16,000 range.

# **MAILING CENTER**

This service will be available in the future. It will be similar to mailing house services where we print and mail out your bills and letters. As these types of communications go more and more toward lower-cost email, it will become increasingly expensive to maintain adequate printing/mailing machinery. The Mailing Center provides a quick and easy way to get this done. Cost: To be determined.

We can accept ACH (echecks) payments. The fee for ACH is 0.75%

The charges in January for online checks were \$2,537, February was \$575.80, March was \$231.04 and April is \$1545.59 as of the 29<sup>th</sup>. But the board would need to be aware, if for some reason we did not get one echeck in a month there would be a \$10 fee.

The fees customers will see when they go to pay their bill will be the town's trash bill plus the fee for the type of card used. Those fees come up automatically and if the customer decides they do not want to pay the fee they have the option of cancelling the transaction.

# Convenience Fees

# FAQ for Online Payments by Credit Card/e-Check

The Treasurer's Office believes it is important to offer the convenience of making payments online. In order to control costs and to insure compliance with new Federal Regulations, the Treasurer's office uses Govolution as the third party processor.

- The processor, Govolution, charges a convenience fee of 2.50% of the payment amount for processing your credit card payment online, or, Visa debit cards are charged a flat fee of \$3.00.
- e-Check transactions will be charged a flat fee of \$1.50.
- None of the fees are retained by Douglas County.

# Why pay my property taxes, assessments or utilities online?

- It's fast, convenient and can save time, money and energy.
- It allows payments from anywhere, anytime; and can help meet deadlines.
- You get an immediate receipt.
- No need to visit a county office.

# Town Manager Monthly Report April 2016 Board Meeting

- A. Gardnerville Station (former Eagle Gas): Additional claims submitted to the Petroleum Fund to be reimbursed for plates and McGinley effort this past quarter. Waiting on NDEP to approve the McGinley Work Plan. We received the approval to remove the canopy from SHPO on the MOA and will need to document the history of the Shell station, all the owners over the years, and the style of Shell station constructed. Met Mike Gilbert this month and picked up bricks and a door from the Pyrenees and cut granite builders used for the East Fork Foundation, all for the use on this project.
- **B. 395 Crosswalks:** Contracted for the additional service with Lumos (\$8,500) on the historical report needed for NDOT and a submittal to SHPO due to the additional signs and rapid flashing beacons that are located within the view shed of the historical properties. Additionally we changed the project and took on the task of developing the easement or description for right of way acquisition. Lumos will be preparing the exhibits (\$5,000) for NDOT use in acquiring the property. NDOT will still need to do that. I understand that is a federal requirement. We also worked with them on Mill and replacement of the open grade top coat on the street 50' long minimum. NDOT is looking for additional funding for this required effort that never came up during our preliminary conversations of project scope.
- C. Kingslane Sidewalk Project: Received ONLY STRUCTURAL comments from NDOT on the channel and wall. We need to provide the 12" wall. Gary Therm is redesigning this. Received NV Energy design on a new meter for this light and additional lights that can be continuous down 395 and attached to this meter. Gary Whistler is working on the light requirements of 20 LUX and is in need of information from a light manufacturer. Still have not received all the comments from NDOT.
- **D. Hellwinkel Channel:** We had Zack, with Impact, finish out the channel work. The meter is set. No power yet. No need for it either until the barns are ready for power. They pulled the poles and replaced the sidewalk. We had them do additional ramps as well to bring them into compliance with ADA. The grass (weeds) is growing very well in the field now.
- **E. Great Race**: Keep June 19<sup>th</sup>, Father's Day in 2016 open for the event. How many board members are interested in working at the event? We have a big list of tasks and volunteers are needed. Even if it is for part of the day.
- **F.** Toiyabe Storm Drain Project: Received a complaint of a sink hole in some grass on Toiyabe. Staff excavated and found a deteriorated CMP pipe. Summit was called and cleaned and videoed the pipe last week. The pipe needs to be replaced from Toiyabe to Toler. A large tree is growing over the pipe as well and its shallow and on a property line so 4 fences will need to be replaced as well.

# G. Office Items:

- Reviewed a sign upgrade form Overland.
- Worked with ROA on the BLA and need another title report for the Hellwinkle property as the one on file is too old. Appraisal came back at \$21,000 even.
- Met with realtors on the Green Meadows property and they look forward to all the town is doing on the S
  Curve.

Mary Wenner, Chairman Ken Miller, Vice Chairman Cassandra Jones, Board Member Linda Slater, Board Member Lloyd Higuera, Board Member

- Spent most of the time in the office on emails and on projects. Worked on Mill Street grading on the north side of the street to extend improvements from the church parking lot to 395 raising the curb 4 to 5 inches to ensure positive drainage.
- Ordered benches and trash cans for the Martin Slough trail project. I am working on plans for the realignment of some storm drain and trying to coordinate with Erik on the requirements that will be placed
  on the church for the road improvements along this section of right-of-way and how the path will be
  connected. This is a very large issue with another dead-end road and limited access to all the properties
  that need access from this street. See attached plan for discussion.
- Coordinated with NDOT on the crosswalk scope of work changes.
- Conference call with Facility Dude (work order system) to get GIS data on the device. It is working. Now we need to schedule the final training of staff so it is implemented.
- Old Gym Playhouse could be leased from the school district in a 99 year lease like they did with the museum and we would maintain it. This is the easy process and cheapest option for the town. There are grants for this sort of planning and rehab effort. The town would have to provide matching funds. Should this be an agenda item in the future to discuss the town operation of the facility?
- I emailed Doug again this month after the meeting and last week. Still no news from the county on the alley.
- Met with Larry Werner. We are going to start up the breakfast meetings again.
- Finished the charts for the town's year-end report.
- Worked a lot on the rate study for H&S.
- Discussed the towns pulling out of the county for health insurance. Can't do it unless we are able to get an EIN from the Feds.

# Town Manager's Message

At the beginning of the year town staff prepares a brief report for you - the resident, property owner and/or business owner within the Town of Gardnerville in order to share the accomplishments and projects completed during 2015, and to provide information on proposed projects for 2016.

# Major highlights for 2015 were:

- Gardnerville Station and adjacent contamination gas tanks were removed from the site through a grant from CDBG. Stantec performed the conceptual design work for the existing building through a grant from CDBG as well.
- Hellwinkel Channel is for the most part complete a huge accomplishment after four years of flood studies and redesign of the flood channel/pedestrian trail.
- The fireworks show at the town's Carson Valley Christmas Kickoff event. We appreciate this past year's sponsors (Carson Valley Inn, Continuum Packing Solutions LLC employees, Starbucks, Randy & Linda Slater, Stewart & Cynthia Hill, Mary Wenner, Jonathan Parker & Yu Shimizu Parker and two anonymous donors) We continue to need additional sponsorships each year. We will be looking for new ways to fund this event.;
- Third online customer service survey and awarded a free year's worth of trash service from the town Health and Sanitation department to Layla Pierson and family. We thank her for her survey entry and input. Thank you to everyone who participated in the survey for supporting our effort in supplying residents with excellent customer service;
- · Boy Scout Projects around town;

# Upcoming Project for 2016:

Crosswalk Improvements - flashing beacons to warn oncoming 395 traffic of pedestrians in crosswalk.

Kingslane Sidewalk - sidewalks installed between Judy's Window Coverings and Kingslane. We are working with Nevada Energy to located a new meter onsite for required streetlights and beacons.

Gardnerville Station - ongoing - work will be done as grants are obtained, or if funding is identified by the town board.

Main Street Gardnerville (MSG) held their first coffin race in October. It was so much fun everyone can't wait for the event to be held again. We are looking forward to the spring flowers down main street. The second New Year's Labyrinth walk was held in the garden area.

On behalf of the Gardnerville Town Board and staff, our sincerest thank you for living in and doing business in Gardnerville during 2015 and best wishes for 2016. Please feel free to contact the town administrative office at 775.782.7134 with any comments or suggestions of projects, areas you would like to see improvement in, or projects you would like to see the town pursue.

Sincerely, Tom Dallaire Gardnerville Town Manager

GAS TANKS BEING REMOVED AT GARDNERVILLE STATION

# Administration

Town Administration provides overall support for Town operations and serves as point in ensuring the Town Board's policies and goals are met. Department duties include accounts payable and receivable, purchasing and contracts, legal services, and public communications.

- a. The Town website continues to be updated by staff.
- b. The Gardnerville Main Street Program continues working on ways to attract people to the Gardnerville downtown core and recognize the shopping potential offered by our downtown businesses.
- c. Geoffrey LaCost transitioned from engineer to Superintendent of public works in November. He is responsible for public works, parks and health and sanitation.. Congratulations Geoff!!

# **Parks and Recreation**

The Parks and Recreation Department maintains community parks, open spaces, the Martin Slough area, and provides support for town activities.

- a. Received the "Tree City USA" recognition for the twelfth consecutive year.
- b. The tenth season of Movies in the Park continued with four great movies ("Jumanji, Remember the Titans, How to Train Your Dragon 2 and Guardians of the Galaxy) for

residents and visitors to enjoy at Heritage Park. This event would not be possible without the contributions of local businesses: Bodywise Physical Therapy, Carson Valley Medical Center & Urgent Care, CLE Hospitality, D'Ascoli Orthodontics, Grand Prix Express Car Wash, Mark Smith Tire Center (Les Schwab), Parigini Orthodontics, ReMax Realty Affiliates, Starbucks Carson Valley Roasting Plant and Distribution Center. We appreciate their support.

c. On Arbor Day 2015, the Town, along with Girl Scout Troops 287, 331 and Cub Scouts from Troop 411 celebrated with a tree planting at the Arbor Gardnes mailbox parcel

and a tree at Gardner Park. Each scout was given a tree to plant at home.

d. Other annual events held at Heritage Park included; July 4th Freedom 5k Fun Run and Yankee Doodle Dash.

JULY 4 - FREEDOM 5K

- e. The second Splash Dogs event was very successful. We set up a shaded area, bleachers and port-a-potties. Water was donated by the Gardnerville Water Company.
- f. Heritage Park continues to be used for various events like Sertoma Club's Oktoberfest.
- g. The Carson Valley Christmas Kickoff, which again featured a fireworks display by Lantis Fireworks. Entertainment ,Christmas Carolers, and the musical light show. We were pleased this ear to have the All About Dance Kids join in the festivities. They were a wonderful addition.
- h. The Town of Gardnerville/Main Street Gardnerville float won best government float in the Parade of Lights

## **Public Works**

The Public Works Department maintains 40 + lane miles of local streets, the Town's storm drain conveyances, controls weeds within the public right of way, provides snow and ice control measures in inclement weather, and all other maintenance associated with the street network. Review of development projects and design of road maintenance and repair projects is provided through the Town Manager/ Engineer.

# Town Projects:

a. Hellwinkel Flood Trench and Trail was completed. Impact Construction was the low bidder and did a great job on the improvements. NV Energy undergrounded the power from Gilman Lane to Toler Lane. The pedestrian path at the ponds in Chichester was connected to Toler

Lane at GES. We invite you and your family to enjoy this quiet, peaceful stroll along our newest open space area.

- b. The Town continues to make progress on the redevelopment of the Gardnerville station (former Eagle Gas) Stantec was chosen for the design phase and Bramco Construction pulled the gas tanks. The town was reimbursed for the expenditures from the CDBG grant funds.
- c. Town staff has reviewed the plans for several developments and have been working with the developers and construction crews for these projects.

# d. Eagle Scout Projects:

- Harvest-Toler landscape Boy Scouts led by Tanner Maxwell cleaned Toler Lane of overgrown weeds, relocated river rock and planted day lilies at the intersection of Harvest and Waterloo.
- Arbor Lineal Jared Funk and his team of scouts constructed a 10'X12' arbor to provide shade on the newly renovated lot at the main USPS cluster box for a future seating area.

CHRIS MERITT AND CREW WORKING ON ARBOR LINEAL

- Arbor Lineal Chris Meritt created a decorative walkway and planted shrubs on the parcel.
- Town office Aziz Syammach's team planted 16 perennial plants, removed mulch and installed 20 tons of DG in the landscaping areas at the town office.
- Waterloo islands north Zack Laningham's team split the propagated 20 perennial plants, relocated river rock and installed 30 tons of DG landscaping on two large median islands.
  - Waterloo islands (west side) Micah Miller's team

relocated river rock and installed 40 tons of DG.

e. *Replaced* 1995 Ford bucket truck with a 2008 Ford 550 Versalift through Utility Crane and Equipment in Rialto, California. This upgrade increases our reach from 27' to 35' in height

# Completed Development Projects within the town:

- a. The Ranch at Gardnerville Phase IIAB
- b. Heybourne ditch completed.

# **Health & Sanitation**

The Health and Sanitation Department collects and transports both residential and commercial municipal waste, performs street sweeping, operates the curb-side greenwaste pickup program, and maintains the Town's fleet of collection vehicles.

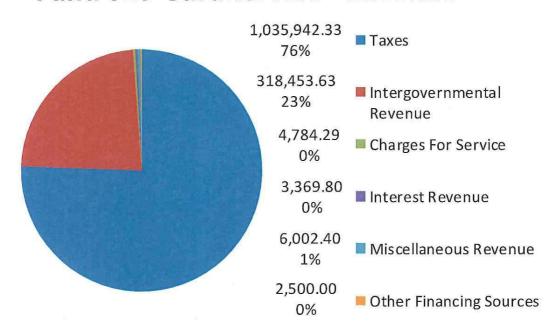

a. Third online town customer service survey completed by residents and raffle held for a year's free trash service awarded to Layla Pierson and family, a residential trash customer. We thank everyone for filling out the town survey. Stay tuned to the town website for the 2016 customer service survey.

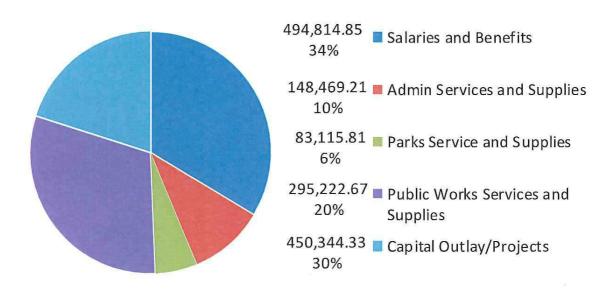

LAYLA PIERSON & FAMILY, WINNER OF YEAR'S FREE TRASH SERVICE

- b. Continued maintenance of all town vehicles.
- c. We continue to dispose of the refuse at the Ormsby Landfill and limit the amount of refuse going to Douglas Disposal, keeping the cost to our customers at the lowest price possible. Bently has started charging for greenwaste this year. So far the feee to town customers doesn't reflect this additional cost. We have been working with Douglas Disposal to try to get a better rate for dumping local. We hope to see that accomplished in 2016.
- g. The trash truck we purchased last year is still having issues. Mike Rowe, town attorney, is handling the

Number 7.2

SUBJECT: Public Records Request Policy

Issue Date 5/3/2016

<u>Purpose/Mission/Scope</u> To establish a policy for persons requesting information. Most records, with the exception of audit and personnel records, are public information. Therefore, upon written request public information will be released. Information about vendor bank accounts, addresses, phone numbers, tax identification numbers, personal identifying information, and information that could compromise the security of this office, clients, contractors, etc., is considered sensitive and therefore not subject to Nevada Revised Statute (NRS) 239.

When the Town of Gardnerville receives a request for a public record (s), it shall be the policy to comply with all such requests for records by members of the public, media, and local, state and federal government officials. Per NRS 239, all such requests will be handled as expeditiously as possible

# What is a Public Record?

There is no Nevada Statue that defines a public record. A public record is a "record" not simply information. Generally all books and records (audio, video, written, electronic) of a governmental entity are presumed to be public records and include information created or accumulated in the course of conducting public business that document the activities and business of public employees. If a record does not already exist, there is generally no duty to create a record in response to a public records request.

## Procedure:

Per NRS 239, upon receipt of a written request to inspect, copy or duplicate a record, the Town of Gardnerville will comply with any such request within five (5) business days. (Please note: the five (5) day time frame applies only to the personal inspection of a public book or record by the requester. It does not apply to information that must be gathered and compiled. Persons making such requests will be notified when such public records materials will be available for pickup or delivery.

- a. An employee of the Town of Gardnerville will ensure that, within (5) business days from receipt of the request one of the following occurs:
  - i. The requester inspects the record of receive copies of the record as requested;
  - ii. If the Town does not have legal custody of the record, written notice of that fact and name and address of the governmental entity that has legal custody of the record, if know, is provided to the requester;
  - iii. If the record has been destroyed pursuant to the State of Nevada Library and Archives Local Government Records Retention Schedule, written notice of that fact is provided to the requester;
  - iv. If the Town is unable to provide the record by the end of the fifth business day after the request is received, written notice of that fact and a date and time after which the record will be available for the person to inspect or copy is provided to the requester; or
  - v. If the request must be denied because the record is confidential, written notice of that fact and a citation to the specific statute or other legal authority that makes the record confidential is provided to the requester.

Data requests for electronic databases, electronic records or services that are value-added products and beyond the normal scope of the office's workload will be provided as the appropriate resources are available to fulfill the request.

In accordance with NRS 239.055, if a request for copies of public books or records will require <u>extraordinary use</u> of <u>personnel or technological resources</u>, including the redaction of personal or other protected information, a government entity may charge a reasonable fee to comply with such an extraordinary request. The standard fee charged by the Town of Gardnerville is \$40 per hour.

If a fee is to be assessed, the requestor will be notified immediately. Once the fee has been determined, the requester must remit a credit card payment, money order or check for the entire amount, payable to "Town of Gardnerville" prior to the request being processed. If the actual fee is less than anticipated, as quickly as possible, the requester will be mailed a check for the balance.

The first half hour of staff time will not be charged. No cost will be assessed for inspection of existing records unless staff time to retrieve or otherwise process the record exceeds one-half (0.5) hours.

If estimated staff time exceeds one-half (0.5) hours, the requestor is responsible for the staff time incurred, which is due and payable before processing of the record begins. Fees for staff time are in addition to fees for copying. Estimates of costs will be provided in advance if the costs are projected to exceed \$25. Copying fees:

Ken - Tom has made strides this past year in supervision and job organization by getting Geoff into the Superintendent position. Tom needs to improve on his written communications by doing more spell checks and not getting to using texting language.

Cassandra - Day to day operations and management of the town staff by Tom meets expectations. The promotion of Geoff to supervisor was an effective leadership decision that aided in the efficiency of operations, and freed Tom up to handle more manager issues (and less engineering, health/sanitation issues).

Linda - The stress that Tom has experienced in the past has improved since the Board opted to complete the tasks/goals already on the table rather than add any additional tasks/goals this year.

Lloyd - You are getting better at delegating but it's still something you need to work on. As the budget gets more and more complicated I think it's time to get some outside help to free you up for other projects.

Cassandra - Tom's relationships with other town managers and department heads with the county continue to be an asset to us

Linda - Tom's "External Relationships" continue to be above reproach. He continues to represent the Town of Garnderville's interests in all aspects in a professional and efficient manner. Well respected by other governmental managers and personnel that he interacts with on a professional basis. Continues to be an asset to the Town of Gardnerville.

Lloyd - Not much to say, you excel in this area.

Personal characteristics comments.

Ken - Sometimes Tom becomes frustrated with others. He has to remind himself that working with other government entities, things sometimes go slowly.

Cassandra - I recognize that Tom continues to give above and beyond to the town, and that with the change of operational structures, his motivation and attitude are improved over last year. Tom's character and ethics are above reproach.

Lloyd - Another area where you excel. It's these characteristics that make you a strong manager for the town.

# PERFORMANCE STATEMENTS

Mary - Tom demonstrates good work ethics. He shows initiative in keeping the employees trained on new equipment and new ways of doing things. He is goal-oriented with his proejcts and has to be flexible with his time to get them all accomplished. He communicates and explains things in detail with his town board and other government entities. He is cooperative and helpfuil with the public and all state and county entities. He is an asset to the Town of Gardnerville.

Cassandra - Tom's strengths lie in his dedication, hard work and ethics. He is not afraid to try, and builds the relationships with staff and community members to achieve town goals.

Linda - Tom has maintained exceptional professional working relationships with the county, city, state and federal agencies. Tom strives to do whatever he can for everyone and always maintains a professional attitude that reflects in a positive manner on the Town of Gardnerville.

Lloyd - You do an excellent job. You are respected in the community and you have very high personal standards.

## Weak Points:

Ken - Tom needs to have patience at times. Which comes with maturity.

Mary - Tom is finding out how working with state and other government entities can be frustrating. His frustration sometimes shows and he gets upset when he can't accomplish his goals because there is another road block. This is understandable, and part of being human.

Cassandra - Our weakest point is not so m uch where we are at, but recognizing vulnerabilities. There is a very real possibility that the town will experience another boom in growth: in services to provide, people to train and staffing. Tom is already addressing some of that with the promotion of Geoff and the addition of outside services for next year's budget. Some of our ongoing and upcoming projects also address this: the ADA plan, the emergency plana and goals for recycling and the Gardnerville Station. In terms of this review, I think for Tom it means recognizing areas where further delegation is appropriate and empowering/raising up employees to assist as he is able.

Linda - I recognize a big improvement in Tom's self confidence this past year. I think Tom took the Board's constructive suggestions to heart for self improvement. He appears more confident and more relaxed. A nice improvement. He should be proud of the achievements he has made for the town.

Lloyd - Still need to improve delegation and time management

# Suggestions and Specific Direction

Ken - Continue to work through Geoff to build a strong town staff overall.

Mary - Tom should take a few days to think about other ways to accomplish his goals when he gets frustrated. Make some phone calls and talk to other people or towns that might have had the same issues. A new idea might even be better after you think about it awahile.

# Mary Wenner, Chairwoman Cassandra Jones Board Member Lloyd Higuera Board Member Linda Slater Board Member Linda Slater Board Member

# PERFORMANCE STATEMENTS

Cassandra - I think it may be wise to review what the structure of the town should look like if/when several hundred more homes are added to our area. (Will it require more managers, staff, admin, space, etc.?) If we understand what we are going to look like, then when opportunities arise to move towards that we will be better able to recognize and grasp those opportunities (like training, acquiring appropriate facilities, promoting/retaining employees).

Linda - Always time management. Strides have been made that are recognized, but one should continue to prioritize and delegate when possible.

Lloyd - The Town is making progress on completing our projects. We need to stay focused on completing these projects.

# General Comments/Direction for Improvement

Ken - Stay with and complete current projects. Take on new projects as funding and need arises.

Mary - Take breaks and go for walks. It clears your head and helps your concentration when you are working on a project. Also, walking will give you the perspective of how other pedestrians see the Town of Gardnerville. I think Tom is doing a great job!

Linda - A dedicated Town Manager who is always looking for ways to improve the Town of Gardnerville. Keep up the good work, Tom.

Lloyd - The Town of Gardnerville is very fortunate to have a town manager with your skills and abilities.
